

# 2025 DONORS, PARTNERS, & PUBLIC FUNDERS

## 60 Years of Giving

When Action Inc. held a fundraiser celebrating our 60th anniversary in September, our partners, donors, and supporters came out in full force to ensure the event was a success.

The generous businesses and individuals who sponsored, donated, and purchased tickets for the 60th celebration were essential in raising more than \$200,000 to sustain our programs.

We are so grateful for your support. We truly couldn't do it without you!

**“The impact that you've made is impossible to overstate; for those who know you best, and to the multitudes who have never heard your name. I want you to rest assured that you and your colleagues in this room have lit a brightly burning fire - the responsibility for which you've now passed on to those you've taught and trained - to keep stoked, so that those who need light the most will never be left in the dark.”**

*Brian Beote, Division Director of Energy Services, speaking about Elliott's legacy at his retirement party*

## Celebrating a Remarkable Career

In April, family, friends, and colleagues gathered for a retirement celebration in honor of Elliott Jacobson.

As the “Godfather” of Energy Services at Action Inc., Elliott worked tirelessly for 47 years to create and expand both weatherization and fuel assistance programming. What began as a small initiative decades ago grew into a large-scale program that is now nationally recognized for excellence.

Elliott's career was marked by his innovative approach to problem-solving, his ability to foster strong partnerships, and his commitment to empowering others. He has been a staunch advocate for low-income individuals and a trusted voice among legislators and regulators.

Elliott's work continues to shape the future of Action Inc. and the lives of those it serves. His retirement marks the end of an era, but his contributions will resonate for years to come.

@actioncapeann

Your impact has the power to change people's lives.  
Your support helps us provide programs that promote  
stable housing, access to living wage jobs, and the  
resources our community needs to thrive.
